NOTICE OF MOTION AND MOTION

TO ALL PARTIES AND THEIR COUNSEL OF RECORD:

PLEASE TAKE NOTICE that on September 26, 2024, at 2:00 p.m., or as soon thereafter as the matter may be heard, before the Honorable Jon S. Tigar, United States District Judge, Oakland Courthouse, located at 1301 Clay Street, Courtroom 6, 2nd Floor, Oakland, California, the Indirect Purchaser Plaintiffs (“IPPs”) will and hereby do move the Court for an Order authorizing the distribution of settlement proceeds to class members who submitted valid claims.

IPPs request that the Court enter an Order approving the distribution of settlement funds in accordance with the Plan of Distribution previously approved by the Court (ECF No. 6335) to members of the Indirect Purchaser Class whose claims have been approved by the Court-appointed Settlement Administrator, The Notice Company. In addition, IPPs seek an Order: (1) authorizing payment to the Settlement Administrator for unreimbursed costs and expenses; and (2) releasing the 10% remainder of attorney’s fees previously withheld by the Court.

This Motion is based on this Notice of Motion, the following Memorandum of Points and Authorities in support thereof, the accompanying Declaration of Joseph M. Fisher, the pleadings and papers on file in this action and such other matters as may be presented to the Court at or prior to the hearing on the Motion.

Dated: July 19, 2024

STATEMENT OF ISSUES TO BE DECIDED

1. Whether to authorize payment of all claims as approved by the Settlement Administrator from the Net Settlement Fund according to the weighted pro rata Plan of Distribution approved by the Court and set forth in Exhibit B to the Fisher Declaration.
2. Whether to adopt and approve IPPs Lead Counsel’s recommendation that the Court pay “Late Claims” to the extent, and in the manner, set forth herein.
3. Whether to authorize the payment to the Settlement Administrator of fees, costs, and expenses incurred, but as yet unpaid, in the amount of \$668,022.
4. Whether to authorize reserving \$345,475 for future payment to the Settlement Administrator and accountants for projected future fees and expenses.
5. Whether to release the 10% remainder of attorney’s fees previously withheld by the court pursuant to its November 6, 2023 Order Granting in Part Motion for Attorney’s Fees, Expenses, and Incentive Awards for Class Representatives (ECF No. 6337).

MEMORANDUM OF POINTS AND AUTHORITIES

I. INTRODUCTION

The Indirect Purchaser Plaintiffs (“IPPs”) have settled this action with Defendant Mitsubishi Electric Corporation (“Mitsubishi Electric”), resulting in a settlement totaling \$33,000,000. The Court’s Order granting final approval to IPPs’ settlement with Mitsubishi Electric and entering its Final Judgment was entered on November 6, 2023 (ECF No. 6335).

As explained below and in the Declaration of Joseph M. Fisher (the “Fisher Decl.”), filed herewith, all the prerequisites to a prompt distribution of funds to claimants have been satisfied. The funds to be distributed are already in hand, having been deposited in escrow by Mitsubishi Electric. The Court has adopted a Plan of Distribution that governs the distribution of funds. ECF No. 6335 ¶ 5. Class member participation in the claims process has been robust. The Notice Company, the Court-appointed Settlement Administrator for the indirect purchaser settlement, has processed and approved a total of 252,015 Timely Claims (defined herein) accounting for 107,616,288 CRT Weighted Units consisting of the following: (i) 134,006 previously-submitted claims representing 71,657,744 CRT Weighted Units, (ii) 3,367 newly-submitted claims consisting of updates to previously-submitted claims accounting for 11,404,483 CRT Weighted Units, and (iii) 114,642 claims from new claimants accounting for 24,554,061 CRT Weighted Units. Fisher Decl. ¶ 9.

IPPs request that the Court enter the Proposed Order submitted herewith, which authorizes payment of all approved claims from the Net Settlement Fund according to the weighted pro rata Plan of Distribution previously approved by the Court. The Proposed Order also incorporates IPPs’ proposal that the Court approve payments to late claimants (who filed their claims after the Court-ordered deadline, but before September 13, 2023 (three months after the Court-ordered deadline)) in the same amount they would have received had they timely filed their claims.

In conjunction with the distribution of funds, IPPs further request that the Court: (1) authorize payment to the Settlement Administrator for unreimbursed fees and expenses; (2) approve the hold back of \$345,475 for future fees and expenses; and (3) release the 10% remainder of

1 attorney's fees previously withheld by the Court.

2 **II. STATEMENT OF RELEVANT FACTS**

3 **A. The Settlement and Settlement Approval**

4 The Settlement Fund was created as a result of IPPs' settlement with Mitsubishi Electric,
5 which the Court approved and entered its Final Judgment on November 6, 2023 (ECF No. 6335).

6 **B. Notice to Class Members Regarding the Settlement and Filing Claims**

7 Dissemination of notice to the Settlement Class began in February 2023, affording Class
8 Members the opportunity to submit claims and to object to or request exclusion from the
9 settlement. ECF No. 6192-2 ¶¶ 6, 9 (Declaration of Joseph M. Fisher re: Mitsubishi Electric
10 Notice Program and Claims Administration).

11 Print notices appeared in *People Magazine*, *Us Weekly*, and *Readers Digest*; press releases
12 in English and Spanish were distributed through *PR Newswire* and were picked up and
13 posted/published by 457 media outlets; notices were posted online in both English and Spanish at
14 www.CRTclaims.com resulting in approximately 5.4 million page views; notice was disseminated
15 via paid digital media through *Google Display Network*, *Yahoo!*, *Facebook*, *YouTube*, *LinkedIn*,
16 and *AARP* as well as search ads on *Google.com*; notice was disseminated through the digital
17 newsletter publications of *Dotdash Meredith* (magazine titles include *Better Homes & Gardens*
18 and *Southern Living*), *Golf Magazine*, and *Kiplinger*; and notice via television ads was circulated
19 on cable TV networks including MSNBC, Hallmark, The Weather Channel, COMET, and The
20 Action Channel, among others. *Id.* ¶¶ 6-15.

21 In addition to the digital and print media program, notice was sent by email or first-class
22 mail to representatives from third-party claim submission companies or law firms that had
23 contacted the Settlement Administrator in connection with the Prior Settlements;¹ to persons and
24

25 ¹ "Prior Settlements" refer to the previous nine settlements reached with Defendants Chunghwa,
26 LG, Philips, Panasonic, Hitachi, Toshiba, Samsung SDI, Thomson, and Technologies Displays
27 America. *See* Detailed Notice of Settlement (ECF No. 6104-1).

1 businesses who submitted indirect purchaser claims in the Prior Settlements; to every Fortune 500
 2 Company for each of the class years (1995 to 2007); to the largest private colleges, universities
 3 and private secondary schools in the United States; and to the 48 largest hospitals in the United
 4 States. Further, approximately 12.9 million notices were delivered by email to consumers and
 5 small businesses selected based on demographic characteristics consistent with the Class
 6 definition. All notices identified the Court-approved deadline of June 13, 2023, for the submission
 7 of claims. ECF No. 6192-2 ¶¶ 16-19.

8 As part of the notice program described above, The Notice Company established and
 9 maintained a dedicated website, toll-free phone line, and Post Office address where potential Class
 10 Members could access or request additional documents and information relating to the settlement,
 11 including copies of the notices, claim forms, and other Court documents. *Id.* ¶¶ 6-8, 21-24.

12 The Court’s Order of Final Approval filed November 6, 2023, recognized that “[t]he notice
 13 given to the Class . . . was the best notice practicable under the circumstances. Said notice . . . fully
 14 satisfied the requirements of Rule 23 of the Federal Rules of Civil Procedure, the requirements of
 15 due process, and all applicable state laws.” ECF No. 6335 ¶ 8.

16 C. The Plan of Distribution

17 The Court-approved Plan of Distribution uses “the same weighted pro-rata plan of
 18 distribution that this Court has approved for the prior settlements in this case.” *Id.* ¶ 3(d).
 19 Settlement Class members who filed valid claims are eligible to receive their pro rata share of the
 20 net Mitsubishi Electric settlement fund based on the total number of valid claims filed, and the
 21 number and type of CRT Products each claimant purchased.² Class members who filed valid
 22 claims against the Prior Settlements will automatically receive their pro-rata share of the

23
 24 ² Claims for Standard CRT Televisions (televisions with a screen size of less than 30 inches) will
 25 receive a weight of 1; Large CRT Televisions (televisions with a screen size of 30 inches or
 26 larger) will receive a weight of 4.3; and CRT Computer Monitors will receive a weight of 3. *See In*
 27 *re Cathode Ray Tube (CRT) Antitrust Litig.*, No. 07-cv-5944-JST, 2016 WL 3648478, at *18
 (N.D. Cal. July 7, 2016).

1 Mitsubishi Electric settlement without having to re-file their claim.³ All other class members who
2 submit valid claim forms will be entitled to recover.

3 **D. Claims Administration**

4 **1. Summary of Settlement Administrators' Receipt and Review of Claims**

5 The Settlement Administrator received a total of 3,087,094 claims through June 13, 2023.
6 Fisher Decl. ¶ 9. The Settlement Administrator conducted an extensive review and audit of those
7 claims. *Id.* ¶¶ 7-22. As a result of that process, the Settlement Administrator is recommending
8 acceptance of 252,015 Timely Claims accounting for 107,616,288 CRT Weighted Units consisting
9 of the following: (i) 134,006 previously-submitted claims representing 71,657,744 CRT Weighted
10 Units, (ii) 3,367 newly-submitted claims consisting of updates to previously-submitted claims
11 accounting for 11,404,483 CRT Weighted Units, and (iii) 114,642 claims from new claimants
12 accounting for 24,554,061 CRT Weighted Units. *Id.* ¶ 9.

13 Timely Claims consisted of: (i) eligible End-User claimants from the Prior Settlements that
14 were automatically entered into the Mitsubishi Electric settlement; and (ii) newly-submitted
15 claims that were submitted or postmarked by June 13, 2023. Claims were submitted either directly
16 by the claimant (“non-represented claimant”) or by a third-party representative, attorney, or agent
17 (“Claims Aggregator”) on behalf of a claimant (“represented claimant”). *Id.*

18 As described in the Detailed Notice of Settlement and Summary Notice of Settlement
19 (ECF No. 6195), all eligible End-User claimants from the Prior Settlements were automatically
20 entered into the Mitsubishi Electric settlement. There were 137,373 End-User claims that were
21 initially entered into the Mitsubishi Electric settlement accounting for 83,062,227 CRT Weighted
22 Units. These claims consisted of 83,278 non-represented prior claims accounting for 5,456,352
23 CRT Weighted Units and 54,095 represented prior claims accounting for 77,605,875 CRT

24 _____
25 ³ All claims processed and approved as part of the Prior Settlements, including late claims, will be
26 considered valid, timely claims for the Mitsubishi Electric settlement and therefore, eligible to
27 automatically receive a full pro-rata share of the Mitsubishi Electric settlement without having to
re-file their claim.

1 Weighted Units. Updated claims were submitted by 3,114 non-represented claimants totaling
2 126,521 CRT Weighted Units and 253 represented claimants totaling 11,277,962 CRT Weighted
3 Units. These updated claims were treated as newly-submitted claims and are reported below. The
4 final number of previously-submitted claims entered into the Mitsubishi Electric settlement,
5 excluding updated claims as described above, was 134,006 representing 71,657,744 CRT
6 Weighted Units. Fisher Decl. ¶ 9(A).

7 The Settlement Administrator received a total of 2,953,088 newly-submitted Timely
8 Claims through June 13, 2023, including 3,367 claims that were updates of previously-submitted
9 claims and 2,949,721 claims from new claimants. Claims from new claimants consisted of 485
10 claims that were submitted as paper claims with a timely postmark, and 2,949,236 claims
11 submitted online. New non-represented claimants submitted 111,564 Timely Claims with CRT
12 Weighted Units claimed totaling 10,866,383. New represented claimants submitted 3,078 Timely
13 Claims with CRT Weighted Units claimed totaling 13,687,678. *Id.* ¶ 9(B).

14 In total, there were 3,087,094 Timely Claims received representing 289,218,810 CRT
15 Weighted Units. *Id.* ¶ 9. As discussed further herein, the Settlement Administrator conducted an
16 extensive review and audit process to verify these claims.

17 After the June 13, 2023 Court-approved deadline for the submission of Timely Claims, the
18 Settlement Administrator discontinued the online process for submitting claims but continued to
19 receive Late Claims by mail. The Settlement Administrator received 18 Late Claims for 56,160
20 CRT Products representing 167,455 CRT Weighted Units. *Id.* ¶ 10, Ex. A. A total of 15 Late
21 Claims were postmarked within 16 days of the claims deadline. The latest of the Late Claims was
22 postmarked September 5, 2023, less than three months after the claims deadline. *Id.* ¶ 10.

23 The Settlement Administrator reviewed each Claim form received for compliance with the
24 settlement's requirements. Some claims were found to be deficient or incomplete. Among the
25 various types of deficiencies found were the following:

- 26 • claims submitted by a Claims Aggregator who failed to provide purchase quantities

1 for CRT Products on the Claim Form or only partially completed this information
2 so that the Claim Form showed “N/A” or “TBD” or “0” or was blank or some
3 combination thereof (referred to as “Placeholder Claims”);

- 4 • non-represented claimants who submitted incomplete claim forms, including
5 missing name and/or contact information, missing claim eligibility information,
6 missing purchase quantities, or failure to sign the Proof of Claim form;
- 7 • claims for ineligible purchases, such as purchases of CRT Products made directly
8 from any of the Defendants, purchases of non-CRT Products, purchases of Sony-
9 branded products, purchases made outside of the Class Period, purchases made
10 outside of the United States, purchases made in a state that is not one of the 30
11 eligible states under the settlement or the District of Columbia, or multi-state
12 purchases where central purchasing of all CRT Products in one of the eligible states
13 was asserted but not properly documented;
- 14 • claims submitted by a Claims Aggregator on behalf of a claimant without an
15 agreement demonstrating the authority of the Claims Aggregator to act as the
16 claimant’s agent or representative;
- 17 • duplicate claims submitted by the same corporate claimant; for example, a parent
18 corporation submitting a claim that was inclusive of the CRT purchases of a
19 subsidiary, where the subsidiary had already submitted its own claim for those
20 purchases;
- 21 • duplicate claims submitted by the same individuals, where all identifying
22 information available (name, address, phone and/or email) are the same, that
23 appeared to represent duplicate purchases of CRT Products;
- 24 • duplicate claims submitted by the same entity or individual that filed in the Prior
25 Settlement. As noted above, all eligible End-User claimants from the Prior
26 Settlements were automatically entered into the Mitsubishi Electric settlement. The

1 Settlement Administrator sent direct notice to these claimants and informed them of
2 their previously-approved quantities. If a claimant had additional units to add to
3 their claim, they were instructed to submit a new claim with a full report of all units
4 claimed for the New Settlement. The Settlement Administrator identified claimants
5 from the Prior Settlement who submitted claims in the New Settlement. Each of
6 those claims from the Prior Settlement was flagged as a duplicate claim and the
7 newly-submitted claim was given priority;

- 8 • “Competing Claims” submitted by Claims Aggregators, where more than one
9 Claims Aggregator each submitted a claim on behalf of the same claimant;
- 10 • potentially invalid claims that appear to have been programmatically generated and
11 submitted by computer-created “bots” (short for robots) or by other scam-
12 generating sources and not by legitimate claimants (collectively “bot-scam”
13 claims).

14 *Id.* ¶ 11. A detailed description of the Settlement Administrator’s procedures for addressing these
15 different categories of deficient claims is set forth in the Fisher Declaration. *Id.* ¶¶ 12-16.

16 **2. The Settlement Administrator’s Audit Criteria and Results**

17 All claims were subject to review and/or audit by the Settlement Administrator. For claims
18 submitted directly by Class Members, the Settlement Administrator set an audit threshold at
19 purchases of 120 CRT Products for individual claims, 100 CRT Products for small businesses, 250
20 CRT Products for medium businesses, and 1,000 CRT Products for large businesses, where
21 business size was based on the number of employees as reported by the claimant. Where business
22 size could not be determined, the audit threshold was set at the purchase of 50 CRT Products.
23 Claimants were selected and placed into an audit pool consisting of 760 individuals and 55
24 businesses. For claims submitted by Claims Aggregators, the Settlement Administrator began by
25 auditing large claims consisting of the top 5% of claims submitted by each Claims Aggregator.
26 The Settlement Administrator also selected additional claims for audit based on comparisons of
27

1 claim submissions by comparable companies. *Id.* ¶ 18.

2 Considering all newly-submitted claims, including claims that were updates of previously-
3 submitted claims, reviews and audits were performed on claims that accounted for over 90% of
4 claimed CRT Weighted Units. The audit process involved reviewing voluminous purchase data
5 and multiple sources of documentation for numerous claims, including when appropriate vetting
6 through publicly-available records and other third-party data sources. The Settlement
7 Administrator reviewed and evaluated the claimed purchases of CRT Products by performing
8 direct audits and, in appropriate cases, working with Claim Aggregators to confirm their
9 adherence to the Settlement Administrator’s reporting requirements. *Id.* ¶ 19.

10 Audit notices were sent to all audited claims, providing instructions to claimants or their
11 representatives on how to respond to the audit and the deadline for responses. The audit notices
12 informed the claimant that if no response was received, then claimed purchases of numerous CRT
13 Products would be reduced to a claim for a \$10 minimum payment. When the Settlement
14 Administrator received responses with sufficient support for the originally claimed units, or for
15 revised purchase quantities submitted by the claimant or its authorized representative, the claims
16 were accepted or revised, and the audit was closed. For those audits where questions remained
17 after audit responses were received and more information was required, the Settlement
18 Administrator pursued follow-up communications until the audit was resolved with the claimant.
19 *Id.* ¶ 20.

20 The detailed results of the Settlement Administrator’s audit, by category of claim, are set
21 forth in the Fisher Declaration filed herewith. *Id.* ¶¶ 21-22.

22 **3. Proposal for Payment of Late Claims**

23 Lead Counsel and the Settlement Administrator have devised a fair and balanced proposal
24 for the payment of Late Claims. Lead Counsel and the Settlement Administrator recommend that
25 the Court adopt the following approach:

- 26 • Late Claims submitted within three months of the claims deadline will be treated

1 and paid equivalently to Timely Claims.⁴

- 2 • Late Claims submitted later than three months after the claims deadline will not be
3 processed or paid.

4 Fisher Decl. ¶ 28.

5 **E. The Net Settlement Fund Available for Distribution**

6 **1. The Amount Available for Distribution**

7 Mitsubishi paid a total of \$33,000,000 in settlement of this case. There have been a series
8 of deductions from this amount for Court approved attorney's fees, expenses, and incentive
9 awards paid to the class representatives. *See, e.g.,* Order Awarding Attorney's Fees, Expenses, and
10 Incentive Awards for Class Representatives (ECF No. 6337). Interest has also accrued on the
11 settlement funds and taxes have been paid. The projected balance of these monies is \$25,415,892.

12 Fisher Decl. ¶ 23.

13 **2. Amounts Owed to the Settlement Administrator and Projected Future
14 Expenses**

15 The Settlement Administrator has unpaid invoices for claims administration through June
16 2024 in the amount of \$608,522. In addition, the Settlement Administrator incurred fees and costs
17 of \$59,500 to implement the bot-scam verification process as authorized by the Court. Fisher Decl.
18 ¶ 24. The Settlement Administrator's costs and fees incurred through June 2024 total \$668,022.

19 Ongoing costs, not yet incurred, include projected administrative costs of \$330,475 and
20 accounting fees of \$15,000. *Id.* ¶ 25. Total costs and fees of claims administration not yet incurred
21 are projected to sum to \$345,475.

22 Class Counsel has reviewed these claims administration expenses and has determined them
23 to be reasonable and necessary for the claims administration in this case. By this motion, IPPs
24 Counsel seeks authorization to: (i) pay the amount of costs and fees incurred through June 2024

25 _____
26 ⁴ The last Late Claim was postmarked September 5, 2023, which is less than three months from
27 the claims deadline. *See* Fisher Decl. ¶¶ 10, 28, Ex. A.

1 from the Net Settlement Fund, as further detailed below, and (ii) reserve \$345,475 for payment of
2 ongoing costs, not yet incurred.

3 **F. Distribution of the Net Settlement Fund**

4 The distribution formula requires a weighted *pro rata* distribution to all members of the 30
5 eligible states and the District of Columbia Classes that filed valid claims, subject to a minimum
6 payment of \$10 per claimant and a maximum payment of three times the estimated money
7 damages per claimant. The minimum payment will be achieved by first calculating payments by
8 allocating funds based on each claimant's CRT Weighted Units, identifying those claims that
9 would receive less than \$10, and then going through a process of recalculating payments so that all
10 claims are grossed up to a \$10 minimum payment. Payments will be issued by check or
11 electronically. *Id.* ¶ 27.

12 The Settlement Administrator has already determined the approved CRT Weighted Units
13 for each claim. *Id.* ¶ 29, Ex. B. The Settlement Administrator has also calculated the approximate
14 settlement value of a single CRT Weighted Unit (approximately \$0.20 subject to a \$10 minimum
15 payment per claimant). *Id.* ¶ 29.

16 **III. ARGUMENT**

17 IPPs request an Order authorizing the distribution of the Net Settlement Fund to the
18 approved claimants based on the approved CRT Weighted Units set forth in Exhibit B to the
19 Fisher Declaration. Entry of an Order permitting a distribution of the Net Settlement Fund to all
20 approved claimants is proper and appropriate at this time because final judgment has been entered.
21 *See* 4 William B. Rubenstein, *Newberg on Class Actions*, § 12:19 (5th ed.) (Westlaw 2018). As set
22 forth above, the Court has approved the Plan of Distribution that allocates the Net Settlement Fund
23 on a weighted pro rata basis based on each claimant's approved CRT Weighted Units as a
24 percentage of the total CRT Weighted Units claimed. Distribution of the Net Settlement Fund, as
25 set forth in Exhibit B to the Fisher Declaration, will give effect to the Court-approved pro rata
26 Plan of Distribution, which compensates class members based on the extent of their injuries. *See*

1 *In re Anthem, Inc. Data Breach Litig.*, 327 F.R.D. 299, 332 (N.D. Cal. 2018) (“A plan of
2 allocation that reimburses class members based on the type and extent of their injuries is generally
3 reasonable.” (citation omitted)).

4 **A. The Court Should Approve the Settlement Administrator’s Recommendations
5 Regarding Acceptance and Rejection of Claims**

6 The Court should adopt the Settlement Administrator’s recommendations regarding the
7 acceptance or rejection of claims submitted on or before the applicable Claims Deadline. As set
8 forth above, the Settlement Administrator has conducted a thorough review of claims. Fisher Decl.
9 ¶¶ 11-16. Where it found claims that were incomplete or deficient, it gave the claimants a fair
10 opportunity to correct or supplement them. *Id.* ¶¶ 12-16. Furthermore, its review of claims
11 included an audit to confirm the eligibility of purchases. *Id.* ¶¶ 18-22. The Settlement
12 Administrator processed late claims. *Id.* ¶ 10. Additionally, where possible, the Settlement
13 Administrator used publicly available data to help audit certain claims. *Id.* ¶ 19. Based on this
14 process, the Settlement Administrator has determined that there are 252,015 Timely Claims that
15 merit acceptance and payment. *Id.* ¶ 9, Ex. B.

16 A class action settlement administrator’s decision regarding class members’ eligibility to
17 participate in a distribution of settlement funds merits deference from the Court. *In re Int’l Air*
18 *Transp. Surcharge Antitrust Litig.*, No. M 06-01793, 2011 WL 6337625, at *2 (N.D. Cal. Dec. 19,
19 2011), *aff’d*, 577 F. App’x 711 (9th Cir. 2014) (“The Settlement Administrator, who was involved
20 in the mediation and negotiation of the settlement agreements, and has been administering the
21 funds for three years, has direct and extensive knowledge of this case. . . . Thus, the Court must
22 give some deference to his recommendation as to factual matters.”).

23 **B. The Court Should Adopt the Settlement Administrator’s and Lead Counsel’s
24 Recommendation Regarding Late Claims**

25 There are 18 Late Claims in this case. Lead Counsel’s recommended approach—under
26 which Late Claims submitted within three months of the claims deadline will be treated and paid
27 equivalently to Timely Claims, and Late Claims submitted thereafter will not be processed or

1 paid—is fair and reasonable. Lead Counsel’s approach is designed to avoid the delay and expense
 2 of continuing litigation over Late Claims and to compensate all claimants.

3 “Settlement administration in a complex class action often requires courts to use their
 4 equitable powers under Rule 23 to manage the disparate interests competing over a finite pool of
 5 assets with which to satisfy the class. . . . A primary use of these equitable powers is balancing the
 6 goals of expedient settlement distribution and the consideration due to late-arriving class
 7 members. . . . Integral to this balancing, however, is the court’s responsibility and inherent power
 8 and duty to protect unnamed, but interested persons.” *In re Orthopedic Bone Screw Prods. Liab.*
 9 *Litig.*, 246 F.3d 315, 321 (3d Cir. 2001) (internal quotation marks and citations omitted).

10 Ultimately, “[t]he goal of any distribution method is to get as much of the available damages
 11 remedy to class members as possible and in as simple and expedient a manner as possible.” 4
 12 William B. Rubenstein, *Newberg on Class Actions*, § 12:15 (5th ed.) (Westlaw 2018).

13 The Court has discretion to allow claims submitted after its Claims Deadline. *In re Gypsum*
 14 *Antitrust Cases*, 565 F.2d 1123, 1128 (9th Cir. 1977). Judicial discretion in that regard flows from
 15 the court’s traditional equity powers to protect interested parties and class members. *Welch &*
 16 *Forbes, Inc. v. Cendant Corp. (In re Cendant Corp. Prides Litig.)*, 233 F.3d 188, 194-97 (3d Cir.
 17 2000) (quoting *Zients v. LaMorte*, 459 F.2d 628, 630 (2d Cir.1972)) (“‘Until the fund created by
 18 the settlement is actually distributed, the court retains its traditional equity powers ... to protect
 19 unnamed, but interested persons.’ [] A Court may assert this power to allow late-filed proofs of
 20 claim and late-cured proofs of claim.”). In the exercise of that discretion, courts have allowed late
 21 claims in some circumstances and denied them in others. *See, e.g., In re Valdez*, 289 F. App’x 204,
 22 206 (9th Cir. 2008). In many cases, courts approve the full payment of late claims.⁵

23 _____
 24 ⁵ *See, e.g., In re TFT-LCD (Flat Panel) Antitrust Litig.*, No. 07-MD-01827, ECF Nos. 9217, 9273
 25 (N.D. Cal. 2014) (approving class counsel’s recommendation to pay late claims submitted over 18
 26 months after the deadline the same as timely claims); *In re Dynamic Random Access Memory*
 27 *(DRAM) Antitrust Litig.*, No. 02-MD-1486, ECF Nos. 2273, 2283 (N.D. Cal. 2016) (class counsel
 recommended and the court approved the payment of late claims filed up to approximately one
 year after the deadline be paid in full).

1 Lead Counsel submits that paying Late Claims filed through September 13, 2023
2 equivalently with Timely Claims, while denying claims filed after that date, strikes the proper
3 balance. It gives late claimants sufficient compensation for their injuries, limits the dilution to
4 Timely Claims, and avoids further litigation. IPPs submit that this proposal is reasonable and urge
5 the Court to adopt it.

6 **C. The Court Should Authorize Payment of the Settlement Administrator’s**
7 **Unpaid Fees and Expenses and Authorize the Reserve for Future Expenses**

8 The Settlement Administrator has provided Lead Counsel with invoices detailing the
9 additional \$668,022 in fees and expenses it has incurred through June 2024 to administer and audit
10 claims submitted by the Class Members, prepare for the filing of this motion, and prepare to
11 distribute the settlement funds to Class Members. Fisher Decl. ¶ 24. Class Counsel has reviewed
12 these invoices. Lead Counsel also has first-hand knowledge of the work performed by the
13 Settlement Administrator. Based on this, Lead Counsel recommends that the Court approve the
14 payment of the Settlement Administrator’s unpaid fees and expenses as fair, reasonable and
15 necessary for the administration of claims in this complex case.

16 Additionally, the Settlement Administrator projects that it will incur further administrative
17 costs and accounting fees totaling \$345,475. *Id.* ¶ 25. Lead Counsel recommends that the Court
18 reserve this amount for future payment as fair, reasonable and necessary for the administration of
19 claims in this complex case.

20 The Settlement Administrator’s work in this case has required a high level of skill,
21 dedication, and effort. The Settlement Administrator had to process and track over 2,900,000
22 claims, over 450 of which were filed in paper form and had to be manually entered in a database.
23 Fisher Decl. ¶ 9(B). In addition, the Settlement Administrator audited over 90% of claimed CRT
24 Weighted Units, some requiring the review of voluminous purchase data and multiple sources of
25 documentation for numerous claims, including when appropriate vetting through publicly-
26 available records and other third-party data sources. *Id.* ¶ 19.

27 Furthermore, factual issues arose with regard to certain claims. For example, some

1 claimants sought to recover for purchases of CRT Products in states that were not included in the
2 settlement class, or for foreign purchases of CRT Products, by asserting that their company
3 purchased from a central office in one of the 30 eligible states or the District of Columbia. Such
4 claims required the Settlement Administrator to investigate and procure data regarding the types
5 and frequency of CRT Product purchases by certain types of business during the Class Period. In
6 addition, they required investigation as to whether the claimant did, in fact, purchase their CRT
7 Products from a central office located in one of the 30 States or the District of Columbia. *Id.* ¶ 16.
8 This involved numerous communications with the claimant or its representative to substantiate
9 their claims. *Id.*

10 Additionally, the Settlement Administrator identified 2,793,839 online claim submissions
11 that appeared to be bot-scam claims and not submitted by legitimate claimants. A motion for
12 approval of procedures and costs for processing bot-scam claims was submitted to the Court
13 outlining the detailed procedures associated with handling the large number of bot-submitted
14 claims (ECF No. 6365). The Settlement Administrator implemented the plan for claim verification
15 as outlined and approved by the Court (ECF No. 6367). The Settlement Administrator worked
16 with the selected third-party vendor to conduct a detailed email address verification analysis. In
17 accordance with the claim verification notice instructions sent in response to these online
18 submissions, the claims of the 1,665,742 claimants who did not respond or did not provide
19 verification documentation were deemed deficient and ineligible for payment. In order to
20 determine the authenticity of those claimants who did respond, the Settlement Administrator
21 reviewed a combination of criteria associated with identifying ineligible claims. *Id.* ¶ 14.

22 In sum, the Settlement Administrator substantially increased eligible claimants' pro rata
23 recoveries by investigating and reducing inflated claims. The Settlement Administrator should be
24 appropriately compensated for this work. IPPs request that the Court authorize the payment of
25 \$668,022, and reserve \$345,475 for future payment.

1 **D. The Court Should Adopt the Settlement Administrator’s Proposal for**
2 **Distribution of Residual Funds**

3 The Settlement Administrator contemplates that some claimant checks may not be cashed
4 and that some electronic payments to claimants may not be received. In that case, there will be
5 monies remaining in the fund. The Settlement Administrator proposes that he be vested with the
6 authority to distribute this money in his discretion at the conclusion of the claims process. The
7 amount of this money will then be known, and the Settlement Administrator will be able to
8 fashion a plan for the distribution of this remaining money.

9 **E. The Court Should Release the 10% Remainder of Attorney’s Fees Previously**
10 **Withheld by the Court**

11 In its Order granting in part Class Counsel’s motion for attorney’s fees, the Court ordered
12 that 10% of the attorney’s fees awarded should be withheld until the post-distribution accounting
13 had been filed. ECF No. 6337 ¶ 6. Since then, IPPs Counsel has continued to devote full attention
14 to this case, including claims processing. Accordingly, IPPs Counsel request that the 10%
15 holdback be released at this time.

16 Upon approval of this motion, the Settlement Administrator will immediately begin the
17 distribution process. The vast majority of the Net Settlement Fund will be distributed to claimants
18 within a matter of months. However, there are always issues in cases such as this, involving a
19 large number of individual claimants and large claimants represented by third parties, which can
20 prolong the final distribution of all funds. As noted by the Claims Administrator, there will also be
21 follow-up distributions to claimants and likely a second-round distribution of funds not originally
22 claimed. This process will take at least a year, *see* Fisher Decl. ¶ 30, and is wholly beyond the
23 control of IPPs Counsel.

24 IPPs Counsel has every incentive to conclude this distribution as soon as possible. IPPs
25 Counsel continues to spend time and incur expenses during the distribution process. They want to
26 finalize this process as soon as possible and will do so.

27 For the foregoing reasons, IPPs Counsel request that the Court release the 10% remainder

1 of the attorney's fees at this time.

2 **IV. CONCLUSION**

3 IPPs respectfully request that the Court grant this motion and enter an Order: (1)
4 authorizing payment of all claims based on the CRT Weighted Units approved by the Settlement
5 Administrator and according to the Court-approved pro rata Plan of Distribution, as set forth in
6 Exhibit B to the Fisher Declaration; (2) adopting the Settlement Administrator's and Lead
7 Counsel's recommendation regarding Late Claims; (3) authorizing payment of the Settlement
8 Administrator's unpaid fees and expenses and authorizing the reserve for future expenses; (4)
9 adopting the Settlement Administrator's proposal for distribution of residual funds; and (5)
10 releasing the 10% remainder of attorney's fees previously withheld by the Court.

9 UNITED STATES DISTRICT COURT
10 NORTHERN DISTRICT OF CALIFORNIA
11 OAKLAND DIVISION

12 IN RE: CATHODE RAY TUBE (CRT)
13 ANTITRUST LITIGATION

MASTER FILE NO. 4:07-cv-5944-JST
Case No.: 4:17-cv-04067-JST

14 MDL NO. 1917

15 This Document Relates to:

16 Luscher, et al. v. Mitsubishi Electric Corp.,
17 No. 4:17-cv-04067-JST

**DECLARATION OF JOSEPH M. FISHER
RE: NOTICE, CLAIMS PROCESSING AND
DISTRIBUTION OF SETTLEMENT FUNDS**

18 Judge: Honorable Jon S. Tigar

1 I, Joseph M. Fisher, declare:

2 **INTRODUCTION**

3 1. Identification. I am the president of The Notice Company, Inc., a Massachusetts
4 corporation with offices at 94 Station Street, Hingham, MA 02043 (“The Notice Company” or
5 “Settlement Administrator”). The Notice Company is principally engaged in the administration of
6 class action settlements and lawsuits pending in courts around the United States, including the
7 dissemination of notice to class members, administering the claims process, and distributing the
8 proceeds of the litigation to the class. I have over 20 years of experience assisting attorneys with class
9 action notices and claims administration. I am also a member in good standing of the bars of the
10 Commonwealth of Massachusetts, the District of Columbia, and the Commonwealth of Virginia. I
11 am over 21 years of age and not a party to this action. I have personal knowledge of the facts set forth
12 herein and, if called as a witness, could and would testify thereto under oath.

13 2. I make this declaration to report on the following for the settlement with Mitsubishi
14 Electric Corporation (“Mitsubishi Electric”): (a) a summary of Notice Procedures; (b) The Notice
15 Company’s processing and validating the claims received; (c) calculating the total qualifying indirect
16 purchases of “CRT Products”; and (d) providing the methodology for calculating the *pro rata* share
17 of the Net Settlement Funds to be distributed to approved claimants.

18 **SUMMARY OF NOTICE PROCEDURES**

19 3. I previously reported on the implementation of the notice program for the settlement
20 with Mitsubishi Electric in my declarations filed with the Court as follows:

21 *ECF No. 6192-2: Declaration of Joseph M. Fisher Re Mitsubishi Electric Notice
22 Program and Claims Administration, filed on May 11, 2023; and

23 *ECF No. 6365-1: Declaration of Joseph M. Fisher Re Mitsubishi Electric Claims
24 Processing and Bot Claim Verification, filed on February 29, 2024.

25 4. The Notice Company implemented the notice program for the indirect purchaser
26 settlement with Mitsubishi Electric (the “Settlement”), including notice of the claims process, in a
27 comprehensive manner that included print media, an online program and television ads. The Notice
28

1 Company established and maintained a dedicated website, toll-free phone line, and Post Office address
2 where potential Class Members could access or request additional documents and information relating
3 to the Settlement, including copies of the notices, claim forms, and other Court documents.

4 5. The Court’s Order of Final Approval filed November 6, 2023, stated: “The notice given
5 to the Class . . . was the best notice practicable under the circumstances. Said notice . . . fully satisfied
6 the requirements of Rule 23 of the Federal Rules of Civil Procedure, the requirements of due process,
7 and all applicable state laws.” ECF No. 6335 ¶ 8.

8 **REQUESTS FOR EXCLUSION**

9 6. Class Members were afforded the opportunity to request exclusion (opt out) from the
10 Settlement. Exclusion from the Prior Settlements¹ did not preclude Class Members from participating
11 in this settlement with Mitsubishi Electric. The Notice Company received one (1) request for exclusion
12 from the Settlement. On November 6, 2023, the Court granted the exclusion request. ECF No. 6335 ¶
13 9.

14 **SUMMARY OF THE CLAIMS PROCESS**

15 7. Eligible Class Members were urged to submit a claim online at www.CRTclaims.com.
16 The claim form, substantially in the form as approved by the Court in the Order of Preliminary
17 Approval filed October 31, 2022, ECF No. 6104 ¶ 14 (“Claim Form”), could be found and completed
18 or downloaded at www.CRTclaims.com. Class Members could also obtain a copy of the Claim Form
19 by calling the Settlement Administrator toll free at 1-800-649-0963. The Claim Form, which was
20 available in both English and Spanish, requested Class Members to verify their eligibility under the
21 Class Settlement, to provide purchase data and contact information, and included a declaration of
22 accuracy to be signed under penalty of perjury. The deadline for submission of online claims was June
23 13, 2023. Claim Forms submitted by mail were required to be postmarked by June 13, 2023. “Timely
24 Claims” means claims submitted on or before June 13, 2023. Claims submitted after the Court-ordered
25 deadline are “Late Claims.”

26 _____
27 ¹ “Prior Settlements” refer to the previous nine settlements reached with Defendants Chunghwa, LG,
28 Philips, Panasonic, Hitachi, Toshiba, Samsung SDI, Thomson, and Technologies Displays America.
See Detailed Notice of Settlement, ECF No. 6104-1.

1 8. Notices to Class Members clearly explained that CRT Products were being categorized
2 as Standard CRT Televisions (screen size of less than 30 inches), Large CRT Televisions (screen size
3 of 30 inches or larger), or CRT Computer Monitors. Based on data obtained during the course of the
4 litigation, the plan for distribution assigned weights to different types of CRT Products based on the
5 overcharge evidence for each. Weights were assigned as follows: Claims for purchases of Standard
6 CRT Televisions were weighted as 1; Claims for purchases of Large CRT Televisions were weighted
7 as 4.3; and Claims for purchases of CRT Computer Monitors were weighted as 3. These weightings,
8 and the plans of allocation in which they were included, were approved by the Court in the Prior
9 Settlements in this case and the same weighted pro-rata plan of distribution was approved by the Court
10 in its Final Approval Order, ECF No. 6335 ¶ 3d. “CRT Weighted Units” refers to the number of CRT
11 Products calculated using the weights as described in this paragraph.

12 9. Timely Claims consisted of (A) eligible End-User claimants from the Prior Settlements
13 that were automatically entered into the Mitsubishi Electric Settlement and (B) newly-submitted
14 claims that were submitted or postmarked by June 13, 2023. Claims were submitted either directly by
15 the claimant (“non-represented claimant”) or by a third-party representative, attorney or agent
16 (“Claims Aggregator”) on behalf of a claimant (“represented claimant”).

17 (A) As described in the Detailed Notice of Settlement and Summary Notice of
18 Settlement (ECF No. 6195), all eligible End-User claimants from the Prior Settlements were
19 automatically entered into the Mitsubishi Electric Settlement. There were 137,373 End-User
20 claims that were initially entered into the Mitsubishi Electric Settlement accounting for
21 83,062,227 CRT Weighted Units. These claims consisted of 83,278 non-represented prior
22 claims accounting for 5,456,352 CRT Weighted Units and 54,095 represented prior claims
23 accounting for 77,605,875 CRT Weighted Units. Updated claims were submitted by 3,114
24 non-represented claimants totaling 126,521 CRT Weighted Units and 253 represented
25 claimants totaling 11,277,962 CRT Weighted Units. These updated claims were treated as
26 newly-submitted claims and are reported below. The final number of previously-submitted
27
28

1 claims entered into the Mitsubishi Electric Settlement, excluding updated claims as described
2 above, was 134,006 representing 71,657,744 CRT Weighted Units.

3 (B) The Settlement Administrator received a total of 2,953,088 newly-submitted
4 Timely Claims through June 13, 2023, including 3,367 claims that were updates of previously-
5 submitted claims and 2,949,721 claims from new claimants. Claims from new claimants
6 consisted of 485 claims that were submitted as paper claims with a timely postmark, and
7 2,949,236 claims submitted online. New non-represented claimants² submitted 111,564
8 Timely Claims with CRT Weighted Units claimed totaling 10,866,383. New represented
9 claimants submitted 3,078 Timely Claims with CRT Weighted Units claimed totaling
10 13,687,678.

11 In total, there were 3,087,094 Timely Claims received representing 289,218,810 CRT Weighted Units.
12 As discussed below, the Settlement Administrator conducted an extensive review and audit process to
13 verify these claims. The Settlement Administrator is recommending acceptance of 252,015 Timely
14 Claims accounting for 107,616,288 CRT Weighted Units consisting of the following: (i) 134,006
15 previously-submitted claims representing 71,657,744 CRT Weighted Units, (ii) 3,367 newly-
16 submitted claims consisting of updates to previously-submitted claims accounting for 11,404,483 CRT
17 Weighted Units, and (iii) 114,642 claims from new claimants accounting for 24,554,061 CRT
18 Weighted Units.

19 10. Subsequent to the Court-approved deadline of June 13, 2023, for the submission of
20 Timely Claims, the Settlement Administrator discontinued the online process for submitting claims
21 but continued to receive Late Claims that were submitted by mail. The Settlement Administrator
22 received 18 Late Claims submitted for 56,160 CRT Products representing 167,455 CRT Weighted
23 Units, all as described on Exhibit A attached hereto. A total of 15 Late Claims were postmarked within
24 16 days of the claims deadline. The latest of the Late Claims was postmarked September 5, 2023,
25 which is less than three months from the claims deadline.

26
27
28

² “Bot”-submitted claims are discussed below at ¶ 17.

1 11. The Settlement Administrator reviewed each Claim form received for compliance with
2 the Settlement’s requirements. Some claims were found to be deficient or incomplete. Among the
3 various types of deficiencies found were the following:

- 4 • claims submitted by a Claims Aggregator who failed to provide purchase quantities for
5 CRT Products on the Claim Form or only partially completed this information so that
6 the Claim Form showed “N/A” or “TBD” or “0” or was blank or some combination
7 thereof (referred to as “Placeholder Claims”);
- 8 • non-represented claimants who submitted incomplete claim forms, including missing
9 name and/or contact information, missing claim eligibility information, missing
10 purchase quantities, or failure to sign the Proof of Claim form;
- 11 • claims for ineligible purchases, such as purchases of CRT Products made directly from
12 any of the Defendants, purchases of non-CRT Products, purchases of Sony-branded
13 products, purchases made outside of the Class Period, purchases made outside of the
14 United States, purchases made in a state that is not one of the 30 eligible states under
15 the Settlement or the District of Columbia, or multi-state purchases where central
16 purchasing of all CRT Products in one of the eligible states was asserted but not
17 properly documented;
- 18 • claims submitted by a Claims Aggregator on behalf of a claimant without an agreement
19 demonstrating the authority of the Claims Aggregator to act as the claimant’s agent or
20 representative;
- 21 • duplicate claims submitted by the same corporate claimant; for example, a parent
22 corporation submitting a claim that was inclusive of the CRT purchases of a subsidiary,
23 where the subsidiary had already submitted its own claim for those purchases;
- 24 • duplicate claims submitted by the same individuals, where all identifying information
25 available (name, address, phone and/or email) are the same, that appeared to represent
26 duplicate purchases of CRT Products;

- 1 • duplicate claims submitted by the same entity or individual that filed in the Prior
2 Settlement. As noted above, all eligible End-User claimants from the Prior Settlements
3 were automatically entered into the Mitsubishi Electric Settlement. The Settlement
4 Administrator sent direct notice to these claimants and informed them of their
5 previously-approved quantities. If a claimant had additional units to add to their claim,
6 they were instructed to submit a new claim with a full report of all units claimed for
7 the New Settlement. The Settlement Administrator identified claimants from the Prior
8 Settlement who submitted claims in the New Settlement. Each of those claims from the
9 Prior Settlement was flagged as a duplicate claim and the newly-submitted claim was
10 given priority;
- 11 • “Competing Claims” submitted by Claims Aggregators, where more than one Claims
12 Aggregator each submitted a claim on behalf of the same claimant;
- 13 • potentially invalid claims that appear to have been programmatically generated and
14 submitted by computer-created “bots” (short for robots)³ or by other scam-generating
15 sources and not by legitimate claimants (collectively “bot-scam” claims).

16 12. When the Settlement Administrator identified ineligible purchases in a claim
17 submission, it contacted the claimant or its authorized representative, identified the issue and provided
18 an opportunity for the claim to be corrected. In some cases, when data were available that would allow
19 the Settlement Administrator to correct the problem (for example, excluding a portion of the CRT
20 purchases identified as being made in an ineligible state), the Settlement Administrator would inform
21 the claimant of a proposed adjustment to the submitted claim that would be applied in the absence of
22 any further response from the claimant.

23 13. When the Settlement Administrator identified exact match duplicate new claim
24 submissions, where all identifying information available (name, address, phone and/or email) are the
25

26 ³ "Bot" is defined as “A computer connected to the Internet that has been surreptitiously / secretly
27 compromised with malicious logic to perform activities . . .”. Further, “botnet” is defined as “A
28 collection of computers compromised by malicious code and controlled across a network.”
<https://niccs.cisa.gov/cybersecurity-career-resources/vocabulary> (last visited July 12, 2024).

1 same, the Settlement Administrator removed the duplicate claim, leaving the most recent submission
2 as the remaining claim.

3 14. The Settlement Administrator identified 2,793,839 online claim submissions that
4 appeared to be bot-scam claims and not submitted by legitimate claimants. A motion for approval of
5 procedures and costs for processing bot-scam claims was submitted to the Court outlining the detailed
6 procedures associated with handling the large number of bot-submitted claims (ECF No. 6365). The
7 Settlement Administrator implemented the plan for claim verification as outlined and approved by the
8 Court (ECF No. 6367). The Settlement Administrator worked with the selected third-party vendor to
9 conduct a detailed email address verification analysis that identified 853,388 email addresses, or
10 approximately 31% of the total, as invalid or not sendable.⁴ The 906,086 claims received from those
11 email addresses were deemed invalid and not sent a verification notice. The remaining email addresses
12 associated with 1,887,753 claims were sent a claim verification notice. Timely verification responses
13 and documentation were received from 222,018 claimants; from those responses only 123 verification
14 submissions were approved as being valid and reasonably identified as a submission from a legitimate
15 claimant. In accordance with the claim verification notice instructions that were sent in response to
16 these online submissions, the claims of these 1,665,735 claimants who did not respond or did not
17 provide verification documentation were deemed deficient and ineligible for payment. In order to
18 determine the authenticity of those claimants who did respond, the Settlement Administrator reviewed
19 a combination of the following criteria:

- 20 (a) the verification document submitted did not match the claimant's name and address as
21 shown on their submitted claim form;
- 22 (b) the same verification document was submitted multiple times by multiple claimants with
23 only the name and address appearing to be altered on the document;
- 24
- 25

26 _____
27 ⁴ Emails should not be sent where the address is a "spam trap" (for example, an email address that was
28 artificially created by an Internet service provider to detect spammers), the address cannot be verified
(for example, the domain of the email address does not exist or is not functioning) or the address is
otherwise invalid. Declaration of Joseph M. Fisher dated February 28, 2024. ECF No. 6365-1 ¶ 11.

- 1 (c) online verification submission flagged as hCaptcha⁵ verified bot or suspected invalidity;
- 2 (d) IP address submissions appeared more than five (5) times; and
- 3 (e) verification responses submitted with a document description on the verification form that
- 4 follows a repeated pattern identified across multiple submissions.

5 Claim verification submissions received by 221,895 claimants did not pass the authentication criteria
6 described above and their respective claims were not accepted for payment.

7 15. When the Settlement Administrator identified Competing Claims submitted by two
8 Claims Aggregators, it informed the respective Claims Aggregators of the duplication and requested
9 that they resolve the overlap among themselves and with the claimant. An agreement signed by both
10 Claims Aggregators, or a letter of direction signed by the claimant, or the withdrawal by one of the
11 Claims Aggregators of its competing claim submission, was sufficient to resolve the Competing
12 Claims. If no resolution was received from the Claim Aggregators or the claimant, the Settlement
13 Administrator utilized the most recently-submitted timely claim and informed the Claims Aggregators
14 of its determination. As of the date hereof, all identified Completing Claims have been resolved as
15 described in this paragraph.

16 16. When the Settlement Administrator identified claims from ineligible states, or claims
17 based on assertions of company purchases made from a central office in one of the 30 eligible states
18 or the District of Columbia, the Settlement Administrator was required to investigate and procure data
19 regarding the types and frequency of CRT Product purchases by certain types of business during the
20 Class Period, or investigate whether the claimant did, in fact, purchase their CRT Products from a
21 central office located in one of the 30 States or the District of Columbia, which required numerous
22 communications with the claimant or its representative to substantiate their claims.

23 17. The Settlement Administrator issued its notifications to claimants on a rolling basis as
24 claims were received and as warranted by reviews. To the extent multiple claims could be addressed
25

26 ⁵ hCaptcha provides the industry's most accurate bot detection through its class-leading adaptive
27 challenge platform and online learning capabilities. Its advanced network of machine learning
28 algorithms ensures that bots are reliably detected and trains in real-time to identify and mitigate the
latest threats. See www.hcaptcha.com.

1 in a single notice to a Claims Aggregator, the notices were consolidated. All notices regarding the
2 rejection (in whole or in part) of a claim contained a response deadline which could vary based on
3 specific circumstances or discussions with the claimant. To the extent a claimant requested additional
4 time to respond or submitted a response within a reasonable time after a given deadline, the Settlement
5 Administrator considered those responses to be timely if relevant documentation or information was
6 provided.

7 **AUDIT CRITERIA AND RESULTS**

8 18. All claims were subject to review and/or audit by the Settlement Administrator. For
9 claims submitted directly by Class Members, the Settlement Administrator set an audit threshold at
10 purchases of 120 CRT Products for individual claims, 100 CRT Products for small businesses, 250
11 CRT Products for medium businesses, and 1,000 CRT Products for large businesses, where business
12 size was based on the number of employees as reported by the claimant. Where business size could
13 not be determined, the audit threshold was set at the purchase of 50 CRT Products. Claimants were
14 selected and placed into an audit pool consisting of 760 individuals and 55 businesses. For claims
15 submitted by Claims Aggregators, the Settlement Administrator began by auditing large claims
16 consisting of the top 5% of claims submitted by each Claims Aggregator. The Settlement
17 Administrator also selected additional claims for audit based on comparisons of claim submissions by
18 comparable companies.

19 19. Considering all newly-submitted claims, including claims that were updates of
20 previously-submitted claims, reviews and audits were performed on claims that accounted for over
21 90% of claimed CRT Weighted Units. The audit process involved reviewing voluminous purchase
22 data and multiple sources of documentation for numerous claims, including when appropriate vetting
23 through publicly-available records and other third-party data sources. The Settlement Administrator
24 reviewed and evaluated the claimed purchases of CRT Products by performing direct audits and, in
25 appropriate cases, working with Claim Aggregators to confirm their adherence to the Settlement
26 Administrator's reporting requirements.

1 20. Audit notices were sent to all audited claims, providing instructions to claimants or
2 their representatives on how to respond to the audit and the deadline for responses. The audit notices
3 informed the claimant that if no response was received, then claimed purchases of numerous CRT
4 Products would be reduced to a claim for a \$10 minimum payment. When the Settlement
5 Administrator received responses with sufficient support for the originally claimed units, or for revised
6 purchase quantities submitted by the claimant or its authorized representative, the claims were
7 accepted or revised and the audit was closed. For those audits where questions remained after audit
8 responses were received and more information was required, the Settlement Administrator pursued
9 follow-up communications until the audit was resolved with the claimant.

10 21. Timely Claims were resolved as follows:

- 11 • 3,087,094 newly-submitted Timely Claims were submitted;
- 12 • 41,363 were withdrawn or marked as duplicates;
- 13 • 2,793,716 were rejected due to claim deficiencies (for example, bot submissions, direct
14 purchaser claims, purchases made in ineligible states, or otherwise ineligible);
- 15 • 134 were accepted with an adjustment in the number of CRT Products claimed;
- 16 • 777 were reduced to a minimum claim value of \$10;
- 17 • 251,104 were accepted with no change from the original number of CRT Products
18 claimed;
- 19 • a total of 252,015 claims were accepted, either partially or fully based on original
20 submissions, representing 107,616,288 CRT Weighted Units in the aggregate; and
- 21 • an estimated 226,880 claims with relatively low numbers of CRT purchases will have
22 their payment increased to \$10 from what would otherwise result from a *pro rata*
23 distribution of funds.⁶

27 ⁶ The number of minimum payment claims may change as the value of available Settlement Funds
28 changes with ongoing interest accruing. *See* note 7, *infra*.

1 receive less than \$10, and then going through a process of recalculating payments so that all claims
2 are grossed up to a \$10 minimum payment. Payments will be issued by check or electronically.

3 28. The Claims Administrator recommends that Class Counsel seek Court approval of the
4 following proposal for distribution of funds (“Distribution Proposal”): (a) Late Claims submitted
5 within three months of the claims deadline be treated and paid equivalently to Timely Claims;¹⁰ (b)
6 Late Claims submitted later than three months of the claims deadline not be processed or paid;¹¹ and
7 (c) if any residual remains in the Net Settlement Fund (if checks are not cashed or electronic funds are
8 not received by claimants), such residual will be distributed at the discretion of the Claims
9 Administrator. I believe the proposal properly balances the interests of all claimants.

10 29. A schedule showing valid claims is attached hereto as Exhibit B. The schedule lists all
11 approved claimants, including Timely Claims and Late Claims, showing the number of CRT Weighted
12 Units approved for each claim. Based on the calculation of the Net Settlement Funds set forth above,
13 a single CRT Weighted Unit has a Settlement value of approximately \$0.20 subject to a \$10 minimum
14 payment per claimant.¹²

15 **ESTIMATE OF TIME TO COMPLETE DISTRIBUTION**

16 30. I estimate that a post-distribution accounting will be available no earlier than twelve
17 months from the date that the Court enters an order of distribution. This accounts for the time needed
18 to receive funds from any investment account where Settlement Funds may be invested, to calculate
19 final distribution amounts after earned interest has been accounted for, to obtain final updates of
20 recipient address information, to prepare and distribute checks and electronic forms of payment, to
21 reissue payments as needed, to wait until outstanding checks have expired, and to issue a second round
22 of checks if there are sufficient residual funds.

23 _____
24 ¹⁰ The latest of the Late Claims was postmarked September 5, 2023, which is less than three months
from the claims deadline. See Exhibit A and ¶ 10, *supra*.

25 ¹¹ As of the date hereof, the Claims Administrator has received no claims that were submitted later
than three months from the claims deadline.

26 ¹² For example, an individual claimant with an approved Timely Claim for five Large Televisions (4.3
27 CRT Weighted Units), five Standard Televisions (1 CRT Weighted Unit), and ten computer monitors
28 (9 CRT Weighted Units) would receive approximately \$11.30 based on a total of 56.5 CRT Weighted
Units.
